- 1 Due to the "change of control" that resulted from the combination of Legg Mason Inc. and Franklin Resources, Inc., a global investment management organization operating as Franklin Templeton, that caused the Fund's previous investment advisory agreement to terminate in accordance with its terms as required by applicable law.
  - 2 Additional terms and conditions of the tender offer will be set forth in filings to be made with the Securities and Exchange Commission, the Fund's tender offering materials sent to stockholders, and additional press releases, as applicable. If the number of Shares (as defined below) tendered in the tender offer exceeds the maximum number of Shares that is subject to the tender offer, the Fund will purchase Shares from tendering stockholders on a pro rata basis (disregarding fractional shares). No assurance can be given that the Fund will purchase all or any of a stockholder's tendered Shares in the tender offer or that such Share repurchases would reduce or eliminate any discount of the Fund's market price per Share to the Fund's net asset value per Share.
  - 3 The Fund has commenced the conditional tender offer to purchase up to 40% of the Fund's outstanding shares of common stock (the "Shares") at a price per Share equal to 100% of the Fund's net asset value per Share as of the close of regular trading on the New York Stock Exchange on the trading day immediately following the expiration date for the tender offer.
